# MISSION STATEMENT

**Our mission at Creekside Christian Academy (CCA) is to work in unity as parents, faculty and staff to provide Christ-centered, challenging, critical-thinking programs for the purpose of glorifying God in all we do.**

The primary areas we seek to influence are:

**Spiritual -** To lead constituents to a personal relationship with Jesus Christ and equip believers for their present and future ministries by example through biblically based curriculum and character developing programs.

**Social -** To foster biblically based relationships both internally and externally with all constituents.

**Scholastic -** To challenge the God-given mental, physical and artistic capabilities of students, as individuals, so they excel both now and after completing CCA.

**Stewardship-** To responsibly manage all the resources entrusted to CCA through biblical principles.

By encouraging students to develop a God-centered self-concept and world-view and by providing the opportunity to achieve academic excellence, we expect CCA students to have a significant positive impact on others in their school, church, and community.

## Core Values

**The approach to accomplishing our mission is crucial. The following Core Values guide our policies, decisions and relationships in all areas of our school community:**

1. **Truth:** God's Word is the absolute authority as the foundation for all truth and, therefore, for all teaching and decisions.
2. **Leadership:** Every person serving in any leadership capacity with CCA is to be a Christian in agreement with the statement of faith of CCA and is engaged as a role model, both in and out of school.
3. **Maturity:** Demonstrates a growing relationship with Jesus Christ and a life submitted to the Holy Spirit's control.
4. **Biblical Integration:** All scholastic, fine arts, and athletic programs are to be fully integrated with God's Word.
5. **Family Support:** The school program lovingly supports families in their desire to raise godly young men and women, to provide a biblically based education and to foster consistency in moral and spiritual values.
6. **Kingdom Education:** Every person (teacher, student, parent) is challenged to reach his or her full potential in Christ, evidenced by internal commitment, not just outward performance.
7. **Evangelism:** There is nothing more important than encouraging people to respond to the gospel of Jesus Christ. We desire to share the gospel of Jesus Christ to as many people as possible.
8. **Operational Integrity:** The school's day-to-day operational, business, and financial practices are a consistent model of integrity, efficiency, and accountability.
